**Data Structures Algorithms Questions and Answers** has been designed with a special intention of helping students and professionals preparing for various **Certification Exams** and **Job Interviews**. This section provides a useful collection of sample Interview Questions and Multiple Choice Questions *MCQs* and their answers with appropriate explanations.

## SN Question/Answers Type

### 1 [Data Structures Algorithms Interview Questions](#)

This section provides a huge collection of Data Structures Algorithms Interview Questions with their answers hidden in a box to challenge you to have a go at them before discovering the correct answer.

### 2 [Data Structures Algorithms Online Quiz](#)

This section provides a great collection of Data Structures Algorithms Multiple Choice Questions *MCQs* on a single page along with their correct answers and explanation. If you select the right option, it turns green; else red.

### 3 [Data Structures Algorithms Online Test](#)

If you are preparing to appear for a Java and Data Structures Algorithms related certification exam, then this section is a must for you. This section simulates a real online test along with a given timer which challenges you to complete the test within a given time-frame. Finally you can check your overall test score and how you fared among millions of other candidates who attended this online test.

### 4 [Data Structures Algorithms Mock Test](#)

This section provides various mock tests that you can download at your local machine and solve offline. Every mock test is supplied with a mock test key to let you verify the final score and grade yourself.
